

TCM Forklift Part

TCM Forklift Parts - In the global trade of material handling, lift trucks play an important part for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing locations outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial trucks, making their models recognizable all over the globe. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling business.
