

Trek Part

Trek Parts - TREK Cleaning Machines is a machine manufacturer who is passionate about the cleaning trade. The company's founders, Chris Knowlton, Bob O'Hara and Jim Hartsock, have more than 60 years combined experience with successfully developing, marketing, manufacturing, designing and offering customer support. The company's innovative flair is a reflection of the entrepreneurial style of the founders. They truly believe in delivering true value to their clients and are committed to providing new design concepts and top quality in order to meet the diverse requirements of their customers.

In their product development; TREK Cleaning Machines always provides fresh design concepts. They like providing products which energize both their partners and their dealers and provide production gains to their clients.

The TREK team of staff likes new tasks and new challenges. They are extremely proud to introduce its breakthrough technology found in their Torsion scrubber line. This particular line was motivated by the comprehension of operators' skills and requirements combined with their comprehension of cleaning applications, along with owners' strong desire to dramatically lessen cost through productivity gains.

When required, the workers within TREK and its various dealer members in both parts and in technical support would be obtainable. Among their core values is their high service commitment in their customer service. Keeping their customers' cleaning equipment ready and running day after day is top priority. The company's top of the line technology delivers reliable machinery which eventually lessens your cost of cleaning. The price, the service and the product all work together so as to make them the leader in the industry.
